

Jump-Around to 'God Loves Me!'

Point to God

God loves

Point to you

me !!!!

Scratch your head

How do I know?

Make a sun

When I see the sun in the sky

Flap your wings

When I see the birds in the air,

Make leaves with your fingers

when I see the leaves on the trees,

Point to you

I know He did it for me!

Hands on your heart

By the faith that tells me it's true, By the freedom He gave me and you, by my soul he made with His hands

Break the chains of sin!

Make a soul like playdough

Make a steeple

By the Church that teaches the way,

Like Father at Mass

the Eucharist we have today,

Like Jesus on the cross

the Son who lives eternally

All tell me God love me!

The Catechism always teaches the truth, and it can be fun!
