

Our friend, Cat-E-Chism, has lost all her color. Can you help her?

Cat-E-Chism helps us understand all the ways God loves us. The sun in the sky, the birds in the air and the leaves on the trees are things we see every day that tell us God made a special place for us because he loves us. There are lots more, too! Like the freedom he gave us to choose God's way and the faith that tells us he's there even when we can't see him. God's greatest gift of all was his only son, Jesus the Lord!

Little Crusaders thank God every day in prayer.
